

Robins Weekly Skills

Week 3 - 6.03.23 - Book fair is delivered to school on Friday.

Don't forget it's Parents' Evening Wednesday and Thursday.

Our book focus this week is...	 <p>https://www.youtube.com/watch?v=yclc2214Zxk</p>
Now that we have learnt all of our sounds, we will be recovering digraphs and trigraphs. Please continue to support your child at home by reading regularly with them.	
In Literacy, we are...	Beginning to draw story maps and add simple sentences (not I said the cat, not I said the dog)
In Maths, we are...	Exploring 3D shapes. Go on a 3D shape hunt around your house or when you are out and about. Can you find all, or any of these shapes? Which shapes look like they would roll and which shapes look like they would stack, one on top of the other? Take a photo of some that you find and upload it to Tapestry.
