Primary Sports & PE Funding 2022 – 2023 Plan

At Bacton Primary School, we are strongly committed to PE and recognise the contribution of PE to the health and wellbeing of the children. Additionally, we believe that an innovative, varied and immersive PE curriculum has a positive influence on concentration, attitude and academic achievement. The same can also be said for our extra-curricular opportunities. Our commitment to these opportunities is evident in the wide array of sporting activities that we offer both in and out of school. Our Sports Premium Funding will help us to continue to provide this provision and ensure that we have professionals that specialise in the areas on offer.
