

Music – During the first half term, we will be using Fingal's Cave by Mendelssohn as their focus piece of music. We will learn more about classical music and how Mendelssohn depicts the sea and waves. After half term, our focus will be songs from WWII. This will add to the learning we do later in the year about the war and life at that time.

PSHE – Throughout this half-term, we will consider how we are a part of the wider world. We will consider our own personal goals, how we are a global citizen and our rights and responsibilities. In the second half of the term, we will consider what is 'normal' and how differences should be understood. We will also explore how to solve our own problems through a range of strategies.

Art – Within Art lessons, the children will learn about sculptures with focus artists being Jo Pearl and Yayoi Kusama. We will design and make our own sculpture.

D&T – Through dedicated D.T days, we will be programming a navigation tool and creating a CAD model.

Science – We will learn about living things and their habitats, how to group and classify different organisms and microorganisms. We will also build on our understanding of electricity and circuits through investigations.

P.E. – We will build on their understanding of fitness and health, building skills through hockey and foot golf. After half term, we will develop our skills in basketball and table tennis.

English – Initially, we will recap key grammatical skills. Through the use of "Talk For Writing", we will use a range of texts to learn new grammatical and transcription skills as well as embed those we have previously learnt in KS2 through the use of 'innovation, imitation and independent application'. Our stimuli this term include: The Promise and The Last Bear. Our key texts for reading are 'Asha and the Spirit Bird' and 'Running Wild'.

Computing – In computing this term, we will learn about our self-image and identity within online safety. We will also explore variables in games further developing our programming knowledge.

Eagle Class

Autumn 2026

R.E. – We are asking the question, "What is the best way for a Muslim to show commitment to God?". We will be considering the role of prayer, fasting, going on a pilgrimage, giving to charity and reading the Qur'an. Then we ask, "How significant is it that Mary was Jesus' mother?" What were her qualities and why was she chosen? What was the role of the angel in communicating to Mary and Joseph to explain God's plan.

French – In French, the theme is sports and the Olympics. We will be practising language-learning strategies; developing reading, speaking and listening skills through a football-related theme; responding to questions about football players and writing football player profiles in French.

History – During this term, we will consider the question 'What does the census tell us about our local area?' We will be considering the origins of the census, the reliability and effectiveness of it, and how we can use the census to make assertions about our local area.

Maths – During the first term of Year Six, we will continue to embed and develop previously learnt topics including place value and the four main operations. We will also recap our skills in converting units and continue to cement our understanding of fractions.

Geography – This term, we will explore what life is like in the Alps investigating both the physical geography and human geography. We will look at data collection methods and use them to compare life in the Innsbruck to here in Suffolk.
