WORKING TOGETHER, AIMING HIGH

Assessment and Reporting

- As of 2014, the 'old' national curriculum levels (e.g. level 3, 4, 5) were abolished as set out in government guidelines.
- The 2014 curriculum is rigorous and sets noticeably higher expectations than previous curricula, which is why all schools have had to work hard to meet and adapt to it since its introduction.
- Since 2016, test scores have been reported as 'scaled scores'.

Primary School
WORKING TOGETHER, AIMING HIGH

Scaled Scores

What is meant by 'scaled scores'?

- It is planned that 100 will always represent the 'national standard'.
- Each pupil's raw test score will therefore be converted into a score on the scale, either at, above or below 100.
- Using the scaled score, the lowest a child can score is 80, with the highest being 120.
- A child who achieves the 'national standard' (a score of 100) will be judged to have demonstrated sufficient knowledge in the areas assessed by the tests.
- Each pupil receives:
 - a raw score (number of raw marks awarded);
 - a scaled score in each tested subject;
 - confirmation of whether or not they attained the national standard.

Bacton
Primary School
WORKING TOGETHER. AIMING HIGH

Scaled Score Examples

On publication of the test results in July:

- a child awarded a scaled score of 100 is judged to have met the 'national standard' in the area judged by the test;
- If a child's score is 110+, they are working beyond (or above) the expected national standard.
- a child's score is close to 80, they are judged to have not yet met the national standard and performed below the expectation for their age.

Higher-Attaining Pupils

- In the past, Key Stage 2 tests were aimed at children achieving levels 3-5 (with a national expectation to reach at least level 4).
- This meant that additional level 6 tests were produced for children who demonstrated higher than expected attainment (above level 5).
- Under the new system, there are not any separate tests for the most-able children.
- Instead, each test will have scope for higher-attaining pupils to show their strengths.
- This means that some questions towards the end of the tests may be more difficult for many children, but they should be encouraged to attempt as much of the test as they can.

The Tests

Key Stage 2 SATs take place nationally in the week commencing Monday 8th May 2022

Statutory tests will be administered in the following subjects:

- English Reading (60 minutes)
- English Grammar, Punctuation and Spelling
 - Paper 1: questions (45 minutes)
 - Paper 2: spelling (15 minutes)
- Mathematics
 - Paper 1: Arithmetic (30 minutes)
 - Paper 2: Reasoning (40 minutes)
 - Paper 3: Reasoning (40 minutes)

As in recent years, writing will be teacher assessed internally. The revised 'pupil can' statements for English writing place a greater emphasis on composition and the statements that relate to the more 'technical' aspects of English writing (grammar, punctuation and spelling) have been made less prescriptive.

Writing Teacher Assessment Framework

Working towards the expected standard

The pupil can:

- write for a range of purposes
- use paragraphs to organise ideas
- in narratives, describe settings and characters
- in non-narrative writing, use simple devices to structure the writing and support the reader (e.g. headings, sub-headings, bullet points)
- use capital letters, full stops, question marks, commas for lists and apostrophes for contraction mostly correctly
- spell correctly most words from the year 3 / year 4 spelling list, and some words from the year 5 / year 6 spelling list*
- write legibly.¹

Writing Teacher Assessment Framework

Working at the expected standard

The pupil can:

- write effectively for a range of purposes and audiences, selecting language that shows good awareness of the reader (e.g. the use of the first person in a diary; direct address in instructions and persuasive writing)
- in narratives, describe settings, characters and atmosphere
- integrate dialogue in narratives to convey character and advance the action
- select vocabulary and grammatical structures that reflect what the writing requires, doing this mostly appropriately (e.g. using contracted forms in dialogues in narrative; using passive verbs to affect how information is presented; using modal verbs to suggest degrees of possibility)
- use a range of devices to build cohesion (e.g. conjunctions, adverbials of time and place, pronouns, synonyms) within and across paragraphs
- use verb tenses consistently and correctly throughout their writing
- use the range of punctuation taught at key stage 2 mostly correctly[^] (e.g. inverted commas and other punctuation to indicate direct speech)
- spell correctly most words from the year 5 / year 6 spelling list,^{*} and use a dictionary to check the spelling of uncommon or more ambitious vocabulary
- maintain legibility in joined handwriting when writing at speed.²

Writing Teacher Assessment Framework

Working at greater depth

The pupil can:

- write effectively for a range of purposes and audiences, selecting the appropriate form and drawing independently on what they have read as models for their own writing (e.g. literary language, characterisation, structure)
- distinguish between the language of speech and writing³ and choose the appropriate register
- exercise an assured and conscious control over levels of formality, particularly through manipulating grammar and vocabulary to achieve this
- use the range of punctuation taught at key stage 2 correctly (e.g. semi-colons, dashes, colons, hyphens) and, when necessary, use such punctuation precisely to enhance meaning and avoid ambiguity.[^]

[There are no additional statements for spelling or handwriting]

Writing exemplification materials for WTS, EXS and GDS can be found at:

WORKING TOGETHER, AIMING HIGH

Reading

- The reading test consists of a single test paper with three unrelated reading texts. Children are given 60 minutes in total, which includes reading the texts and answering the questions.
- A total of 50 marks are available.
- Questions are designed to assess the comprehension and understanding of a child's reading.
- During the reading paper, a child's inference and deduction skills are thoroughly tested. They will also be expected to answer questions on authorial choices: explaining why an author has chosen to use particular vocabulary, grammar and text features.
- Some questions are multiple choice or selected response; others require short answers and some require an extended response or explanation.

Sample Questions

Reading Paper

39

What impressions do you get of the relationship between Piper and Micah?

Give **two** impressions, supporting your answer with evidence from the text.

1. _____

2. _____

3 marks

WORKING TOGETHER. AIMING HIGH

Grammar, Punctuation & Spelling

- A spelling test is administered containing 20 words, which lasts approximately 15 minutes.
- A separate test is given on grammar, punctuation and vocabulary.
- This test lasts for 45 minutes and requires short answer questions including some multiple choice.
- Marks for these two tests are added together to give a total for grammar, punctuation and spelling.

Sample Questions

Grammar, Punctuation and Spelling Paper 1

40

Tick one box in each row to show whether the sentence is written in the **active voice** or the **passive voice**.

Sentence	Active	Passive
Otters live in clean rivers.		
Fish are eaten by otters.		
Usually, otters are playful creatures.		

Sample Questions

Grammar, Punctuation and Spelling Paper 1

44

Which verb completes the sentence so that it uses the subjunctive form?

I wish I _____ able to join you, but it will not be possible.

Tick **one**.

am

was

were

be

Sample Questions

Grammar, Punctuation and Spelling Paper 2

Spelling task

1. The dragon is an imaginary _____.
2. There was _____ food for everyone.
3. My little brother is in _____ class.
4. Playing in the snow made my fingers _____.
5. We learned how to do _____ in mathematics.
6. Charlie _____ with relief.

Mathematics

- Children will sit three tests: paper 1, paper 2 and paper 3.
- Paper 1 is for arithmetic, lasting for 30 minutes, covering calculation methods for all operations, including use of fractions, percentages and decimals.
- Questions gradually increase in difficulty. Not all children will be expected to access some of the more difficult questions later in the paper.
- Papers 2 and 3 cover problem solving and reasoning, each lasting for 40 minutes.
- Pupils will still require calculation skills but will need to answer questions in context and decide what is required to find a solution.

Sample Questions

Maths Paper 1: Arithmetic

14	$25.34 \times 10 =$	<input type="text"/>	1 mark
			

15	$60 \div (30 - 24) =$	<input type="text"/>	1 mark
			

Sample Questions

Maths Paper 2 / Paper 3 : Reasoning

17

These two shapes have the **same** perimeter.

regular hexagon

square

How to Help Your Child

- First and foremost, support and reassure your child that there is nothing to worry about and they should always just try their best. Praise and encourage!
- Ensure your child has the best possible attendance at school.
- Support your child with any homework tasks.
- Reading, spelling and arithmetic (e.g. times tables) are always good to practise.
- Talk to your child about what they have learnt at school and what book(s) they are reading (the character, the plot, their opinion).
- Make sure your child has a good sleep each night

We have also provided an information print-out with extra tips and strategies for supporting your child emotionally during SATs

How to Help Your Child with Reading

- Listening to your child read can take many forms.
- First and foremost, focus developing an enjoyment and love of reading.
- Enjoy stories together – reading stories to your child at KS1 and KS2 is equally as important as listening to your child read.
- Read a little at a time but often, rather than rarely but for long periods of time!
- Talk about the story before, during and afterwards – discuss the plot, the characters, their feelings and actions, how it makes you feel, predict what will happen and encourage your child to have their own opinions.
- Look up definitions of words together – you could use a dictionary, the Internet or an app on a phone or tablet.
- All reading is valuable – it doesn't have to be just stories. Reading can involve anything: fiction, non-fiction, poetry, newspapers, magazines, football programmes and TV guides.

How to Help Your Child with Writing

- Practise and learn weekly spelling lists – make it fun!
- Encourage opportunities for writing such as letters to family or friends, shopping lists, notes or reminders, stories and poems.
- Write together – be a good role model for writing.
- Encourage use of a dictionary to check spelling and a thesaurus to find synonyms and expand vocabulary.
- Allow your child to use a computer for word processing, which will allow for editing and correcting of errors without lots of crossing out.
- Remember that good readers become good writers! Identify good writing features when reading (e.g. vocabulary, sentence structure and punctuation).
- Show your appreciation: praise and encourage, even for small successes!

How to Help Your Child with Maths

- Play times tables games.
- Play mental maths games, including counting in different amounts, forwards and backwards.
- Encourage opportunities for telling the time.
- Encourage opportunities for counting coins and money; finding amounts or calculating change when shopping.
- Look for numbers on street signs, car registrations and anywhere else!
- Look for examples of 2D and 3D shapes around the home.
- Identify, weigh or measure quantities and amounts in the kitchen or in recipes.
- Play games involving numbers or logic, such as dominoes, card games, darts, draughts and chess.
