

Music

This term, we will be looking at pulse, rhythm and pitch to be able to improve our performance skills using glockenspiels and singing.

P.E.

This term, PE will be on a Monday.
On Thursdays, we will be participating in Forest School activities.

Art

We will be developing our sculpting skills using clay. This will involve making our own bowls.

D&T

We will be linking this learning with our Geography and cooking lots of delicious things related to a balanced diet.

Science

We will be identifying and naming a variety of everyday materials. We will also be completing a variety of investigations to find out which materials are the most suitable for different purposes such as, 'What should the 3 pigs use to build a house?'

Later in the term, we will be finding out about how the seasons change from winter to spring and spring to summer.

Bacton Primary School

WORKING TOGETHER, AIMING HIGH

What are Year 1 and 2 doing this term?

Spring 2024

History

This term, we will be learning all about the Great Fire of London. We will be sequencing the events, recalling dates and key figures as well as comparing the differences before and after the great fire.

English

Each day, we complete our daily supported reading session and learn about phonics in our 'Little Wandle' sessions. In our writing lessons, we will be exploring a range of traditional tales and writing our own versions of them. We will also be working on our letter writing skills and focusing on improving our handwriting and presentation.

Maths

This term, we will be focusing on division as well as place value. We will also be learning about statistics- finding out about pictograms and block graphs. This will link with our computing unit.

Later in the term, we will also be looking at fractions. The children will be using a range of equipment and pictorial examples in order to develop depth of understanding in maths.

Computing

Our first unit is called Digital robots and will involve learning about simple programming. Later in the term, we will be looking at data and information including pictograms including E-Safety and some of the strategies to help stay safe on-line.

R.E.

We will be exploring Muslims at prayer. We will also be exploring the Easter Story and some of the key aspects of the Christian faith.

Geography

We will be researching where our food comes from. We will also be practising our map skills and naming different parts of the environment.
