

Robins - Home Learning  
Week Beginning 29<sup>th</sup> February

Hello Robins

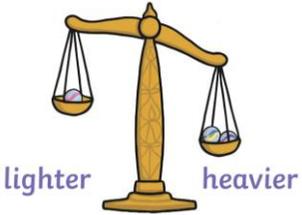

This week we are continuing with our Phase 3 sounds. In maths we are learning about weight and for topic, we will be learning about fruit.

I am really looking forward to seeing you all soon!

I would like to take this opportunity to thank all of the parents who have engaged so well with home-schooling. I know how challenging this has been and I am truly grateful to you all for uploading pictures of your child's work and engaging with Bug Club. This has been invaluable in helping me build a better picture of your child and their learning.

Mrs King

Area of learning	Monday	Tuesday	Wednesday	Thursday	Friday
<b>Phonics</b>	Practise writing 'ai' and then write these words: rain wait chain	Practise writing 'ee' and then write these words: seed tree three	Practise writing 'igh' - make sure the 'g' goes <b>under</b> the line and the 'h' is tall. Then write these words: sigh high night	Practise writing 'oa' and then write these words: boat road soap	Practise writing all the sounds from this week: ai ee igh oo We will then practise spelling words with each sound in it. Play the sound games for these sounds on Bug Club.
<p>Sing the Jolly Phonics Phase 3 song  <a href="https://www.youtube.com/watch?v=gNOEaELxGZo">https://www.youtube.com/watch?v=gNOEaELxGZo</a>            Watch Alphablocks - ai, ee, igh, oo  <a href="https://www.youtube.com/watch?v=D3HopSE8M5g">https://www.youtube.com/watch?v=D3HopSE8M5g</a></p>					
<b>Maths</b>	This week we will be learning about weight. Look around your house for things that are heavy and things that are light. Heavy could be: a baked bean can, a saucepan or a jar of jam.	Watch Numberjacks (you will have to skip the adverts - sorry!) <a href="https://www.youtube.com/watch?v=RrLIai7WtIs">https://www.youtube.com/watch?v=RrLIai7WtIs</a> Balance scales show us what is heavy and light. The heavier object goes down	Watch the silly story on Tapestry - How much does a ladybird weigh? Cut out the pictures below and sort them from lightest to heaviest. Make home-made balance scales. You could use carrier	Watch Tapestry and help me solve which is heaviest and lightest in the Fairy-Tale Post-Office game. Play TopMarks and help Cleopatras camel find his lost toy! <a href="https://pbskids.org/">https://pbskids.org/</a>	Next week we will be learning about 3D shapes. Watch the shape song: <a href="https://www.youtube.com/watch?v=guNdJ5MtX1A">https://www.youtube.com/watch?v=guNdJ5MtX1A</a> We will learn about these shapes... Sphere Cube

	<p>Light could be: kitchen roll, a packet of crisps or an egg!</p> 	<p>and the lightest goes up. Find objects that are heavier and lighter than an apple. Be a human balance scale - hold the apple in one hand and the other object in the other hand. Which hand goes up/down?</p>	<p>/sandwich bags instead of cups.</p> 	<p><a href="http://peg/games/happy-camel">peg/games/happy-camel</a></p>	<p>Cuboid Cone Pyramid</p>
<p><b>Topic</b></p>	<p>This week we are learning about fruit. Watch 'Oliver's Fruit Salad' by Vivian French: <a href="https://www.youtube.com/watch?v=FpR26kPqHc">https://www.youtube.com/watch?v=FpR26kPqHc</a> Do you like fruit? Which is your favourite? What is the difference between fruit and vegetables? Make a pineapple like in the story. Where do they grow? How does it feel? This</p>	<p>Oliver picked crunchy red apples in the story. Watch Tapestry to learn how apples grow. Use the template below or draw your own apple life cycle. Tell your grown up what happens and add labels too or write a sentence. Make a fruit salad with all your favourite fruits in. Remember to wash your hands first (why is this important?). Which</p>	<p>Run around, adults shout a number and that many body parts can touch the floor. Continue to explore different ways of travelling over, under, along and around. Make your body wide and stretched, long and narrow or curled up. Can you make your obstacle course better than last week?</p>	<p>Watch 'Mister Maker' <a href="https://www.youtube.com/watch?v=7TVsSjv9zEY">https://www.youtube.com/watch?v=7TVsSjv9zEY</a> Giuseppe Arcimboldo was a famous artist who painted pieces of fruit that looked like faces. Draw, paint or use real fruit to make a face just like Giuseppe!</p>	<p>Watch Tapestry to learn how to draw a story map of Oliver's Fruit Salad. Use the word bank to help you draw pictures and write labels for each fruit. Have a go at copying / writing sentences to go with your story map. First Oliver ate apples. Next Oliver ate grapes. Then Oliver ate cherries.</p>

one even has a repeating pattern!

fruits have you included?  
You could make a rainbow just like this one...

After that Oliver ate strawberries.  
Then Oliver ate plums.  
Finally Oliver ate pineapple.  
Or you could write...  
He ate apples  
He ate pears etc

Reading

Please do keep reading!

This week's top readers are Albee, Isabel, Lincoln and Mary - well done!

Cut out and order from lightest to heaviest.
