

Robins - Home Learning
Week Beginning 8th February

Hello Robins!

I hope you are all keeping well and looking forward to a well-deserved break over half term.

Please do continue to login to Bug Club books. It has been so lovely to see so many children engaging in this and earning rewards as they go.

Have a lovely half term and I look forward to hearing all about it!

Mrs King

Area of learning	Monday	Tuesday	Wednesday	Thursday	Friday
Phonics	Say the new sound, 'ure, as in p-ure. Complete the worksheet and write the word under each picture.	Say the new sound, 'er, as in k-er-b. Complete the worksheet and write the word under each picture.	Today we are going to complete our language session. Watch the video on Tapestry and practise writing the captions.	For the last 2 days. Please login to Active Learn (Bug Club) and play the games for the sounds we have been learning. You will practise identifying sounds, letter names, reading and spelling. Good luck and have fun!	
Maths On days when there are several activities you can choose to do some or all of them!	This week we are learning about number bonds to 10. Choose 10 objects (teddies, lego, cars). Separate them into 2 different piles. Record how many you have in each pile ($1+9=10$). Move one to the other pile ($2+8=10$). Keep doing this until you have written all the different combinations. Don't forget that you could have $0+10=10$ too.	Use 2 different coloured Lego or stickle bricks to make a tower of 10. You might use 8 red and 2 blue. Repeat with different amounts. Make a ladybird with spots that add up to 10 altogether. 	Place 10 pegs on a coat hanger. Separate them into $9+1=10$. Turn the coat hanger around, it is $1+9=10$. It is the same but the other way around. Grown ups - hide 3 pegs under a teatowel and ask your child to guess how many are hiding (use fingers to help work this out). Complete the number bond rainbow picture below.	Play Hit the Button - select number bonds to 10. Find the correct number to make 10 - if 6 shows, hit 4! https://www.topmarks.co.uk/maths-games/hit-the-button Go into the garden and find 2 different objects (sticks, stones or leaves). Make number bonds to 10 with them ($7+3=10$).	Think about your favourite thing you have learnt about this half term - ordering numbers, estimating, ordinal numbers, shapes, addition, repeating patterns and symmetry. Use the skills you have learnt to complete activities on Mathletics 😊

<p>Topic</p>	<p>This week, we will be learning about vets. Watch Julia Donaldson's Paula the Vet https://www.youtube.com/watch?v=gPjtnWMaYh4 What does a vet do? What equipment might they use? Can you think of anyone who may use similar equipment? What animals might they treat? Tell your grown up all of the pets that you can think of and draw a picture of as many as you can.</p>	<p>Watch Topsy and Tim - Wiggles' Trip. https://www.bbc.co.uk/iplayer/episode/b04brxzq/topsy-and-tim-series-2-12-wiggles-trip Topsy and Tim took Wiggles to the vet in his basket. Use the template below (or draw your own) and draw your pet / favourite animal. Add a label too. You could also add labels for legs, paws, tail, whiskers, ears.</p>	<p>Workout Wednesday - watch Joe Wicks or learn another Just dance video on YouTube. This week, have a look at 'I like to move it'. https://www.youtube.com/watch?v=ziLHZeKbMUo Go for a walk Look...what can you see? Are there any signs of Spring? Listen...what do you hear? Smell...what does it smell like? Feel...what do the leaves feel like?</p>	<p>Watch - What is a Vet on Tapestry. Vets look after lots of animals - zoo, farm and pets. Today we are thinking about pets. Do you have a pet? What things does a pet need? Take a look at the word bank of things pets may need. Can you add any more to the list? You could cut out or draw the things that your pet might need.</p>	<p>Today we are going to be thinking about rhyming words. These are words that sound the same when you say them. Which words rhyme with vet? Write a list. pet met wet bet let get jet net</p>
<p>Reading</p>	<p>Please do keep on reading - just a little every day. <i>"The more that you read, the more things you will know. The more that you learn, the more places you'll go"</i> - Dr Seuss</p>				

- 1 Put a ring around **u**, **r** and **e** in the alphabet.

abcdefghijklmnopqrstuvwxyz

- 2 Put a ring around **ure** in the words.

sure endure cure secure

- 3 Write the letters **ure**.

ure

ure

1 Put a ring around e and r in the alphabet.
